Ref: Statement to the Inspection Reports issued by SGS Slovakia s.r.o. in 2008

We hereby declare that upon the request of the company Gulf Star Oil Ltd. from England, UK, we SGS Slovakia s.r.o. performed certified sampling of the products; liquid and gaseous hydrocarbons and solid samples of used catalyst directly from the Blowdec machine on 10/06/2008. The Blowdec machine, where the sampling took place, is located in the territory of Kuchyňa village, Malacky county, Slovakia.

The samples were delivered to the accredited laboratory Slovnaft VURUP a.s. in Bratislava, Slovakia for the analysis requested by Gulf Star Oil Ltd.. After all the required analyses and tests had been carried out, Slovnaft VURUP a.s issued the Protocols of the tests (analyses).

On the ground of the aforementioned protocols from the accredited laboratory, the following Inspection Reports have been issued on 15/08/2008 by our company:  
2419/OGC/08/182501, 2420/OGC/08/182501, 2441/OGC/08/182501, 2442/OGC/08/182501 and 2443/OGC/08/182501.

Those Inspection reports were sent the same day to the customer Gulf Star Oil Ltd. via e-mail and via standard postal service as well.

Best regards

Pavol Papík
